Staten Resigns as MH Clinic Director

Local Board to Name Successor; Effective Date is June 1st

The resignation of Jerry L. Staten, executive director of the Quad-City Center, Mental Health Clinic—long demanded by the county 708 Board—was accepted by the local board Tuesday night.

Staten, who has headed the local clinic for four years, will resign effective June 1 to assure continued operation of the local clinic to provide psychiatric care. In his resignation letter, he stated, "After six months of continued harassment from the 708 Board and its allies, I feel it is time for a move that will secure the clinic function."

The local board members decided to assume the responsibility of selecting a new director prior to the June 1 date. Harold Thomas, board president who was unable to attend Thursday's meeting, said Friday he plans to call a special meeting in the immediate future to determine steps to be followed. "We may name an acting director from the staff if necessary on June 1."

Thomas added that the local board, which recently was incorporated, is in the process of reviewing its operational program with legal assistance to obtain a functional contract with the county's 708 Board.

County Funds Cut Off

It was the county 708 Board, which holds the pursestrings for the mental health clinics here and in Alton, that early this year refused to allocate county tax funds to the local clinic until such time as the local board dismissed Staten in a dispute over salaries and operation of the clinic.

When the county unit withheld tax funds, the state department of mental health gave full support of the local board and has been providing funds for operation of the clinic.

Staten told the Press-Record he has recommended to the local board that it stand firm and not permit the 708 Board to

Metro-East Labor Council Accepts Fund Thaw Plan

The Metro-East Labor Council, which represents minority labor interests of the Madison-St. Clair county area announced shortly before noon today its acceptance of a plan proposed last January by Gov. Ogilvie to end the freeze on federal highway funds for the bi-county area.

The announcement was made in a press conference in East St. Louis at which Council President David Schaefer noted that some of the revisions sought by the labor council under the plan first was announced had been incorporated in a revised program as finally accepted by the U.S. Department of Transportation.

"The council's statement said, 'We don't necessarily like all of the revised plan, but it is a plan with which all parties can agree... any additional gains that we may make by further negotiations would not, in our judgment, outweigh the gains to the total area once the funds are released.'"

The labor council's action leaves only the acceptance of the plan by union labor to clear the way for ending the highway fund freeze. Labor representatives, however, have objected strongly to the proposal on grounds that it invades the union apprenticeship program through the use of non-union workers to qualify them for jobs on construction projects.

Gov. Ogilvie's plan previously was accepted by the contractors and by the federal government.

Township Electors To Meet Tomorrow

Annual Town Sessions Scheduled to Approve Budgets, Tax Levies

Annual town meetings, the only remaining "grass roots" assemblies in which the electors have the final word in approving—or disapproving financial programs of governmental bodies, will be held in the four townships of the Quad-City area tomorrow.

Electors of the townships will vote on approval of new budgets and appropriations, bills adopted by the town boards and the township highway department and will adopt tax levies to provide funds to meet the budgeted expenditures. They also are permitted under state statutes to conduct other business affecting operation of the township.

Three of tomorrow's meetings will be night sessions. The only afternoon town meeting will be that of Venice township which is scheduled in the Venice city hall at 2 p.m. In Granite City, a public hearing on the budgets of the town fund and general assistance fund will be held an hour before the annual town meet which is set for 7 p.m.

The 6 p.m. public hearing on the Granite City budgets is the last to be held in the area. Separate public hearings on the township budgets and highway department budgets were held by Venice, Nameeki and Chouteau townships during the past two weeks. Granite City, because its boundaries are extensive with those of the city does not have a township highway department.

The Granite City township public hearing at 6 p.m. and the annual town meeting at 7 p.m. are both scheduled in the city hall.

Nameeki township, because it has attracted overflow crowds of interested electors during the past few years, will hold its annual meeting in the Long Lake Fire Department, 401 Porton Beach.

The meeting also is scheduled at 7 p.m. In past years the Nameeki township sessions have been held in the township garage adjoining the town offices, but on several occasions those facilities have been inadequate for the crowds.

Veterans Committee on Depot Sets Meeting

The fourth meeting of the Veterans Committee opposing the closing of the Granite City Army Depot will be held at 8 p.m. Wednesday at the home of Veterans of Foreign Wars Post 1300.

U. S. Sen. Ralph Smith has promised that he, or his administrative aide, will attend the meeting, according to Dale Mortland, committee chairman.

In addition, the mayors of all cities in the area and a representative of the Chamber of Commerce from each of the cities have been invited.

Mortland reported that telephone calls to his home from depot employees and other interest parties asking what they can do to keep the depot open have been encouraging.

Because of the response, Mortland said the meeting will be open to depot employees and other interested persons, including members of business, labor and fraternal organizations.

Coat Hanger Causes Power Failure for 700

A coat hanger that had been tossed into the Illinois Power Co. substation on Victory drive caused a power failure that hit 700 homes and businesses in the Glenview, Community Heights and Bellemore Village areas from 3:05 to 4:15 p.m. Thursday.

The wire hanger hit 4000-volt lines causing a short circuit that blew two main fuses and also damaging insulators and other equipment at the substation. No estimate of the damage was immediately determined.

The power outage caused several businesses to close their doors for the hour's time, and inconvenienced householders.

Backhoe Cuts Phone Cables

The Lynch avenue sewer jinx continued Friday when a backhoe being used to rip up Maryville road near Woodlawn avenue severed two telephone cables, knocking out service for 250 households.

The mishap occurred between 3:30 and 4:15 p.m. and full telephone service was not restored until about 10 p.m. for persons served by the Sycamore and Woodlawn exchanges.

The two cables, not only were cut, but also were ripped loose at a manhole. The repair job was completed by Bell Telephone Co. crewmen was not completely finished until 5 a.m. Saturday.

A spokesman for the telephone company said the service disruption was in the Mitchell area, along Maryville road and along Woodlawn, Miracle, Pine and Hemlock avenues and other streets off Maryville road.

Fire Razes Harrison Center at Eagle Park

Fire destroyed the Harrison Center, 200 Harrison street, Eagle Park Acres, about 9 p.m. yesterday. Venice firemen, who answered an alarm at 8:53 p.m., said cause of the fire could not be determined.

Firemen said the one-story concrete block building was entirely in flames when they arrived. No estimate of the damage was available but firemen reported the building was a total loss. Firemen were at the scene for more than an hour.

The center was owned by Roy Lee Harrison and was operated as a confectionery and tent center.

18 DAYS WITHOUT A QUAD-CITY TRAFFIC FATALITY

All officers of District Council One of the Retail Clerks Union were re-elected yesterday afternoon in the final order of business of the district's two-year term. The convention was held here by the Retail Store Employees Union Local 435 of Granite City.

About 220 delegates who attended the day-long session of convention, business yesterday re-elected Everett Jones of Mt. Vernon as president; John Mulvey of Springfield as vice-president; Guy Price, Harrisburg, as recording secretary, and Jack Falk of Harrisburg, secretary.

Secretary of State Paul Powell was the principal speaker during an afternoon luncheon session, followed by a morning session of committee reports and recommendations, district officers reports and introduction of resolutions.

Powell said labor "has fought to keep the trade union movement going in the face of opposition and for a fair wage, maximum hours, and the right to work in dignity under decent conditions and for a fair wage."

Merchants Report Ample Supplies In Face of Strike

Most merchants in the Quad-City area have sufficient merchandise on hand to continue normal operations in the face of the current wildcat transportation strike by St. Louis Teamsters Local 600.

But they will feel a "pinch" if the strike continues for another 10 days to two weeks, according to some spokesmen.

Some food stores are running out of feature items as they cannot get delivery of such items as apples. Where a store would offer a special bargain, it generally would have a supply of 500 of a particular item, but some now find that they are down to 200, causing a problem in their marketing program.

The groceries were able to maintain ample supplies of food products last week from the St. Louis market, but that source could run dry at any time.

Drug stores in the area have been receiving their normal flow of pharmaceutical supplies as the product of last week's strike has not been curtailed in most instances, though one large St. Louis delivery firm has been affected by the strike.

One local drive-in chain restaurant reported that it is on the verge of running out of flour, but the management said it does not pose a particular problem at this time.

Department, furniture and hardware stores have sufficient stockpiles of merchandise in their warehouses, according to Byrd, Woodlawn avenue, the disruption of the normal flow of new merchandise gives them an opportunity to offer bargains on items on hand.

No difficulty has been reported in obtaining office supplies through local outlets.

Tom Boy Store Open At Gaslight Walk

The new Tom Boy market occupying the largest section of the new Gaslight Walk Shopping Center just east of Ponton road Lake drive opened for business today with special opening sales.

The new store occupies 15,000 square feet of floor space in the shopping center which also is occupied by a P. N. Hirsch store that opened two weeks ago.

The Tom Boy market is operated under the ownership of Richard Johnson, who met P. N. Hirsch Co. store plan a grand opening observance tentatively scheduled for the latter part of this month.

Gaslight Walk Shopping Center facilities were developed by the James Green Construction Co., which is building the new \$500,000 Cinema theater near the shopping center.

A noted architect, the contracting firm said negotiations with a lease with a drug firm to occupy one of the shopping center buildings expected to be completed soon.

The Illinois Air Pollution Control Board at Springfield announced it is granting a permit for installation of control equipment to retool and disperse the new market, which is known as the Food Warehouse.

3 Trucks Stopped On Highway 270, Driver Assaulted

Three over-the-road tractor-trailer trucks from St. Louis were forced to pull over to the side of the road on Interstate 270 near Route 157 before 6:30 p.m. Thursday as the wildcat strike by St. Louis Teamsters Local 680 continued.

One of the drivers was beaten, and two men were arrested. According to the Madison county sheriff's office, a green 1969 or 1960 auto containing three or four men had pulled in front of the trucks and the brakes were slammed on, forcing the trucks to stop.

The truckers were Melvin Shade, 37, of Elliptical, Mo.; W. F. Buesking, 32, of Florissant, Mo.; and Herbert Zeiner, 47, of Florissant.

Zeiner was dragged from his truck and beaten about the face and kicked in the ribs. He was rescued by George Seibert, safety supervisor for Eastern Express Inc., owner of the trucks, who was serving as an escort. The assailants then headed east in the car.

When deputies arrived, Zeiner was bleeding around the eye and ear. Buesking said the keys were taken from his truck.

A second sheriff's car arrived and one of them, accompanied by Seibert, headed east. They found the green car on Route 96 with a flat tire. Two men were attempting to change it.

Taken into custody were George Grimmer, 30, of Glasgow Village, Mo., and James Durbin, 43, of Pine Lawn, Mo. Grimmer is a deck hand for Jades Motor Co. and Durbin is a driver for East Texas Motor Freight lines.

They were taken to the Madison county jail where Seibert signed warrants charging them with aggravated battery. They were released on cash bail of \$1500 each set by Magistrate Joseph Kelleher.

Zeiner was taken to a St. Louis physician for treatment, and the trucks were left at the scene. They had been escorted to the Illinois state line by the Missouri highway patrol. Illinois state troopers had been patrolling the interstate highway.

It was the second incident in the area of I-270 within a week. Early last Monday a South Roxana driver reported that someone had shot at the trailer of his truck and flattened one of the tires.

Hubcap Theft

All four hubcaps were stolen off the 1962 auto of Margaret Gortemmer, 1314 Robin street, Venice, while it was parked in front of her home Friday night. She heard a noise and saw two men flee in an old model white auto.

'Operation Family' Explained to Club

"Operation Family," a program through which about 200 black and white area families exchange visits and enjoy outings together on a family-to-family basis was described Thursday to members of the Granite City Optimist Club.

Mike Dalton, executive director of Operation Family, Inc., of Metropolitan St. Louis area, discussed the program, now in its fourth year. The non-profit agency is funded through the Danforth Foundation and maintains offices at 234 Collinsville avenue, East St. Louis.

Purpose of the program is to bring together families of widely different cultural and social backgrounds, thereby teaching tolerance and understanding through first-hand knowledge of mutual problems—racial, economic and social, Dalton said. The program is carried out on an individual family basis, differing from similar projects which involve large groups, he explained.

The executive director has served in the youth and family counseling field for 20 years. He previously worked with youth in the Quad-City area.

More families are needed to continue the project, Dalton said, noting that application forms are available upon request from the agency's office or from Rev. James R. Craddock, pastor of Central Christian Church. The local minister is a member of the Operation Family agency board.

Twenty-seven Optimists attended Thursday's luncheon meeting at the Rose Bowl. John L. "Jerry" McDonald, president, conducted the business session and introduced the guest speaker.

Illinois Lt. Gov. Paul Simon (D-Troy), who has made his income public in detail since he first was elected to office in 1964, today released his complete financial earnings for 1969, amounting to \$42,949, including all income for himself, his wife and children.

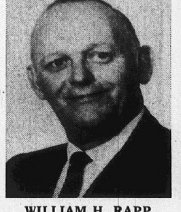

"My assets," Simon said, "include stock holdings, home worth about \$35,000, a collection of presidential photographs and a Henry Hanson original art piece. I also have a balance of about \$15,500 owed to me from the sale of newspapers in 1965-68."

As of the first of the year, the mortgage on my home was \$14,292. I owed the Troy Security Bank \$790 as of Jan. 1, and my stockbroker, \$138.55.

A four-page listing of income items, including \$28,896 salary as lieutenant governor, details stock dividends, fees for talks and book royalties and incidental sales.

Appeal Ruling Revoking Lewis Tavern License

John E. Lewis, operator of the Johnny Lewis Tavern at 320 Madison avenue, has appealed to the Illinois State Liquor Control Commission an order by acting Mayor Ray Kozielek of Madison revoking Lewis' tavern license.

Mayor Kozielek was notified Friday by Ivan Maple, director of the state liquor commission, that a hearing has been set for Monday, April 20, in the liquor commission's offices at the State Office Building in Springfield.

Lewis reopened the tavern last week after filing the appeal. Lewis, through his attorneys, William H. Kinder and Leon Scroggins, the appeal petition alleged that the mayor's revocation order "was invalid and improper in fact and in law," and asked a trial of the case before the state body.

Hearing Held April 4

Mayor Kozielek's revocation order followed a hearing April 4 of a charge that Lewis sold a case of beer to a St. Louis minor on the early morning of March 28. The offense was alleged to have occurred on the first day Lewis reopened following a four-day shutdown ordered by Mayor Kozielek on grounds of general misconduct in operation of the tavern.

A shooting and several other disturbances requiring police action preceded the four-day shut down order.

Under Illinois law a tavern operator whose license has been suspended or revoked may continue operation pending appeals. Rulings by the State liquor control commission also may be appealed to the circuit court, and from there to the appellate court.

A shed at the rear of 705 Jackson street, Madison, was destroyed by fire Thursday afternoon. Cause of the fire was undetermined. Firemen were at the scene about half an hour.

NEW HOMES under construction on a 9½-acre subdivision tract at West 22nd street and Leyden avenue where there are 49 lots.

GC Plan Commission Denies Zoning Changes

The Granite City Plan Commission approved the plan for a new 49-home subdivision, to be developed by Morris Realty in the West Granite area, but denied three rezoning petitions, at a meeting Thursday afternoon in the city hall conference room.

Derided by commission members was a petition submitted by John and Charlotte A. Sobel requesting rezoning of property at 1513-1523 Pontoon road from a C-1 classification to a special use district for the purpose of constructing an automobile wash.

Objections to the proposed change were voiced by several area residents who attended the meeting. Additionally, a petition signed by 25 residents which asked that the request be denied was presented to the commission by Mr. and Mrs. Howard Douglas Elliott, owners of the Coachette Tavern, 1509 Pontoon road, where residence is located at 1513 Pontoon.

Byrd Presley, commission president, noted that a special use zoning permit was approved last year for construction of a car wash on the northeast corner of the Nameoki-Pontoon road intersection.

The builder later experienced financial problems, prohibiting immediate development of the business, but the area still remains zoned for a car wash, Presley said. He pointed out that approval of the Sobel petition could result in locating two auto wash operations within 100 yards of one another.

Refusal to permit rezoning of two other properties primarily stemmed from efforts by the commission to follow the city's master plan developed by SIMAPC, which provides for "en masse" type zoning as opposed to spot zoning, Presley explained.

Rezoning requests denied were sought by Charles L. and Sandra J. Wise, to rezone property located at 2219 East 23rd street from R-3 to C-1 zoning classification for a pet and supply shop; and from Richard Buecker, to rezone property at 1834 Benton avenue from R-3 to C-1 for a beauty shop.

Presley said the latter petition also involved a "middle of the block residence with no provisions for off-street parking."

New Subdivision being Erected in West Granite

A new housing subdivision is to be constructed in West Granite by Metro-East Builders Inc., according to plans announced today by the firm.

A 9½-acre tract at the end of West 22nd street and Leyden avenue, just east of the Great River road, has been subdivided into 49 lots. The plan for the project was presented to the Granite City council last week and was approved Thursday afternoon by the City Plan Commission.

The homes to be one-story brick and frame structures, will sell for \$17,500 to \$21,500. Two display homes are nearing completion and should be ready for display within a week, the firm said.

The frame homes will contain vertical and horizontal aluminum siding. The developer previously operated as the Jim Watts Construction Co. Watts is president of the Metro-East firm.

Income Tax Deadline Wednesday Midnight
From 6 p.m. today, taxpayers have less than 54 hours to complete and mail federal income tax returns which must be postmarked before midnight Wednesday.

The Internal Revenue Service Center in Kansas City, Mo., has processed 304,770 refunds of Springfield District area taxpayers, totaling \$88,566,731, by last week. Jay G. Philpott, Springfield District director said Thursday.

Tax refunds due 4035 taxpayers have been delayed, he noted, because of incorrect or missing Social Security numbers. These and other errors have delayed processing of 34,098 refunds so far this year.

Two signatures are required on a joint return and all tax returns must be signed, Philpott said. Unsigned returns, numbering 1531, are to be sent back to taxpayers, causing considerable delay in issuing their refunds, he added.

The director said taxpayers can help avoid delays by using the pre-addressed name label contained on the IRS Form 1040 which was mailed to them. The label includes the taxpayer's Social Security number and name and address as they appear on the IRS master file. The Social Security number system is used to identify taxpayers accounts because thousands of names are identical.

Trojans Show Heels To Enemy Speedsters

MHS Trojans won more team points than Assumption and Highland combined in a track triangular here Thursday.

Failing to place only in the mile run and pole vault, Madison collected 87 points while Highland was second with 47 and Assumption third with 25. Madison dramatically swept the 100-yard and 220-yard dashes. For both events, the finishing order was the same: George Tyus first, Edwardo Chandler second, James Youngblood third and Don Turner fourth; century times were 10.2, 10.8, 10.9 and 11.1 and 220 straightaway clockings were 23.5, 24.2, 24.5 and 25.0.

Holmes Nears Record
Tecumseh's "Tex" Holmes improved his best 440-dash time of the season by one second. He won in 53.2 seconds, one-tenth away from remaining MHS record, which he has held since last year. Dennis Hampton was third with a 54.7.

The 880-yard relay squad won but missed the battle with the clock. In each succeeding meet, the 880 relayers had cut their time closer to the oldest standing mark on the MHS record book.

Two days earlier at Collinsville, Chandler, Don Turner, Larry Mosby and Tyus tied the 1968 record of 1:33.9. But Thursday they were two seconds slower with a 1:36.2. Highland's squad was second in 1:43.2.

Vann Ford placed first in both the high and low hurdles. In the 120-highs, he was timed in 18.4. Holmes was second in 19.1 and Joe Willie Jenkins third in 19.2. Jenkins was second in the 180-low at 23.0 behind Ford's 22.2.

Win Discus, Shot Put
Madison fared well in several field events. Henry Rhodes, a junior, put the shot 44.6 for first and Willie Acres' 42-11 took second.

Tony Young won the discus event at 111-8. Acres sailed the plate 108-1 for third.

Long jumping Chandler was first at 18-1 and Turner second at 17-11.

Ford high jumped 5-4 for third; Highland's Al Ramon's 5-4 leap was the best of the day.

Mile handoff relayers, Chandler, Mosby and Holmes outdistanced Highland 3:48 to 3:54.

Ray Dailey took second in the two-mile in 11:34.4. Curtis Hand ran the best half-mile of the season, 2:15.7, for second.

Highland won the 880 run with 2:09.7; led the mile shut-out. Madison with Steve Kirby's 5:01.5; won the two-mile with Dave Pathean's 11:50.8; and took first in pole vaulting with Blake Wagner's 12-0.

Chiefs Outdistanced By Visiting Runners

North of Alton all three grade divisions in a dual track meet at Prather Thursday.

Team scores: seventh grade 59-41, eighth 65-40 and ninth 89-24.

Chiefs' seventh grade winning performers: Chris Jacobson, high jump; Gary Stark, high jump; Mike Collins, 440 dash; Brad Chisholm, 1st 440 dash and long jump and 2nd 100 dash; Paul Sebold, Andy Knott, Rick Barnett and Fitz high, 1st in mile relay.

Well, the fishing season is off to a great start. Craple hitting terrific and bass now stirring out of their winter sluggishness. The gals are full o' eggs, put them back. Reel 'em slow and deep and you'll get your share. . . . Ran into a new way to tie fly leader to the line, called a nail knot and eliminates using the No Knot Eyelet we stock you two bits for at the store.

Hold calls securely. Alternately pull on long lengths and short ends to snug up tight. Trim ends. (Hollow tube is for convenience only; a nail will provide a crevice for pushing monofilament and back through underneath the coils)

Speaking of fly fishing . . . if you still have trouble getting those 40 to 50 ft. casts with your outfit, bring your rod down (there comes the commercial) to EARL'S SURPLUS DISCOUNT STORE and we can show you how to improve your casting distance with your rod.

Allen is a lifelong resident of the park district. He played in the baseball program as a youth. A 1958 GCHS graduate, he is currently an art instructor at Collinsville high. After receiving a bachelors degree at Southern Illinois University, he earned a masters degree at Illinois State U.

Senior Lifesaving Course Set at 'Y'
A Senior Lifesaving Swimming class will be conducted at Tri-City Area YMCA on Wednesday evenings starting April 15 through May 27 in order to certify interest in a lifesaving course for the summer swimming season.
The class will meet from 7 to 8 p.m. with Doug Law and Ron Ireland conducting the course and a Mrs. Charlene Thompson coordinating the instruction.
Materials for the course cost \$5 per person, covering text books of the YMCA and the American Red Cross. Non-members of the 'Y' will be required to pay a pool-use fee of \$8 in addition to the materials for the course.
Average swimming ability and a minimum age of 15 before enrolling are prerequisite for the course.
Though the majority of individuals completing the courses are young people, anyone who is frequently near the water is urged to take the training by the 'Y'. Aquatic Director Michael Jesse. He commented, "Once you have been in a position to prevent a swimming tragedy and have been unable to, because of a lack of training, you can then see the importance of enrolling in this course."
Individuals who meet minimum course standards will receive both the YMCA Senior Lifesaving Certificate and the American Red Cross Senior Lifesaving certificate and certification patches. In addition, they will be able to receive training as a Water Safety Instructor, should they wish to further their training.
More information on the course can be obtained by contacting Jesse at the 'Y'.

In the third league game, host Maryville battered Highland-Pierson 20-4.

Eas Alton scored in the first on two singles, a walk and a fly ball by Bob Blackledge which dropped in left field to allow three runners to come home. Alton added two in each of the third, fifth and seventh innings. Bill Shortall and Jim Dowerick socked homers in the fifth.

Bellemore rounded the bases in the third, seventh and ninth. Bob Petrosky singled in the third and was driven home by Bennie Smith's hit. In the seventh, Arvil Taylor hit safely, stole second and scored on Lenny Fowler's single. Steve

Conway walked in the ninth, advanced on Petrosky's single and scored on an error on a ball off Taylor's bat.

Jim Blackledge earned the pitching win, striking out ten, walking one and allowing eight hits.

Greg Wasylak went the distance for the loss. He fanned seven, walked one and allowed nine hits.

John Corey took the pitching loss for Mercer, going 2 1/2 innings. Mike Shamroo relieved for 4 1/2 frames. Larry Corey took the mound for the final, eighth inning. Bob Finkle caught.

Thompson, Rains Hope To Extend Streak to 5

The SIU-SW baseball team's hopes of continuing its three-game winning streak will depend on the strong right arms of two Granite City hurlers tomorrow as the Cougars play host to a strong Northeast Missouri State team for a 1 p.m. doubleheader.

Bruce Thompson, ace of the SIU-SW mound staff for three seasons now, got the nod from Coach Roy Lee to hurl the opening contest. Both will be seven-inning games.

Thompson, 2-0, has a 1.00 ERA in two nine-inning contests. He has allowed 14 scattered, fanned 13 and walked none, defeating Southern Mississippi U. 4-3 on seven hits with turning back Tulane 12-1 with six hits.

Sophomore Don Rains, who was charged with the Cougars' lone, 3-0 loss to Tulane, deserved a better fate. After falling behind on a wind-blown fourbagger in the first inning, Rains gave up just four hits while holding the nationally-ranked Green Wave in the following eight frames.

On Saturday, the Cougars made their record 6-1 by clobbering Concordia Seminary 16-0 on great pitching by Edwardsville's Don Pook, who permitted the Preachers only three hits.

Pacing the Cougars' attack was Rick Keefe of Belleville, who tripled, doubled and homered.

SIU-SW will play a total of three games this week. On Friday, the Cougars will travel to St. Louis to play the University of Missouri; left-handed Steve Malone, 2-0, will be on the mound for the Cougars.

Animated Puppet Show Wednesday on Kctc

Animated puppets will make three favorite fairy tales—"The Brave Little Tailor," "The Princess and the Pea" and "The Master Thief"—come to life in a National Educational Television children's special, "The Brave Little Tailor and Other Stories: Masterpieces of Animated Puppetry," to be telecast at 8 p.m. Wednesday, April 15, on Kctc, Channel 9.

"The Brave Little Tailor" by the Brothers Grimm, a tale of a tailor who sets out to show the world his valor and in the course of his adventures outwits two unfriendly giants, battles a ferocious unicorn, outwits a kingdom of enemies, and wins the hand of a princess, will be the major film.

And also featured will be the Hans Christian Anderson tale of a princess so delicate that she was bruised by sleeping on a pea buried under 20 mattresses; and the Brothers Grimm tale of a master thief who wins his freedom from a count by accepting a dare in which he must steal the bedsheet from the count's own bed.

Life-like movement by the puppets in three-dimensional sets will be achieved by a photographic stop-action technique in which movement is created frame by frame to give the magical illusion of continuous action.

Social Security Answers

Answers to questions frequently asked about Social Security are answered by Ralph Brasher, district manager of the Social Security Administration office in East St. Louis. Persons with such questions

may send them to Brasher at 830 Missouri avenue, Room 104, East St. Louis, 62201, and he will provide the answers to the Press-Record for publication. Two recently asked questions and answers follow:

Q. My parents are under Medicare. Can I pay their premiums for them?

A. If your parents are receiving social security payments, premiums are deducted from their monthly checks. You may certainly reimburse your parents for the premium deductions. If your parents are not eligible for payments you may arrange with the Social Security Administration to make the premium payments for them.

Q. I draw a Railroad Retirement Annuity and have also recently met the requirements for Social Security benefits. Can I draw both checks?

A. Yes, a person who meets the eligibility requirements may receive payments under both systems in life cases. In death cases payments are combined under one system.

STUDENT SAYS VIEWS NOT ACCORDED RESPECT

To the Editor: After reading a number of recent letters in the Forum, which have belittled Dr. Freedman and criticized GCHS students, I feel it is only proper to express a student's view of the present situation.

As a graduating senior, I feel that I am more aware of the trouble in our high school than those adults who so hastily and thoughtlessly rebuked his suggestions.

I will agree that we have fine, educated teachers and a highly regarded educational program, but there is much more involved.

There must be a working relationship between the administration and the student body. Our counselors and principals are appointed persons.

Most learning, to listen to students' needs and show concern for every individual student who has need of help.

This is an ideal relationship; however, it does not exist at Granite High.

Instead, the major concern of our administrators appears to be the length of sideburns, hair and girls' dresses.

If our educated officials would stop yelling at students and lend an ear, perhaps an agreement could be reached.

We receive enough criticism. We can do without continuous condemnation from our administrators.

As Dr. Freedman stated, "They only want to be heard, respected, for their opinions, and reasoned with." Perhaps to the surprise of some adults, students' opinions are sometimes heard, seldom respected, and never dealt with reasonably.

The dress code seems to be the "big thing" with adults. According to the dress code, girls cannot wear slacks because they are considered "distracting." But are slacks more distracting than a girl whose dress is so short that underclothing can be seen when she sits down?

No, it's not as distracting, but the dress code says slacks cannot be worn. Then if a student wants the dress code changed, he is termed a rebel, a "hippie" or a troublemaker.

Rules should definitely be revised, but if a student is to wear slacks, school uniforms should be worn. Then if a student wants the dress code changed, he is termed a rebel, a "hippie" or a troublemaker.

or invalid, and aside from whether the 708 Board was right or wrong in issuing a "fire him or else" ultimatum, there is the question of sincerity.

Is 708 now willing to start afresh and let the local agency "do its own thing" on the basis of mutually acceptable rules, including the right of obvious Quad-City Center to pick its own director? Or does the 708 Board still have the idea that it should select a Quad-City Center director? (Not coincidentally, the director is the one who recommends who should be placed in the other clinic jobs.)

If the latter is the case, there will not be much doubt that 708 wants to thrust the agency for counseling the emotionally disturbed into the arena of political patronage—which would be unfair to taxpayers and could be disastrous to the welfare of the hundreds of clinic patients.

Canvass Shows Extremely Close Competition Is in Prospect for Fall Balloting in State

Illinois primary balloting this spring could be deceptive for two reasons—one party had competition while the other did not, and the timing was such that many voters who wanted to switch to a different party ballot could not do so. Nevertheless, the canvass results indicate the strong possibility of razor-thin victory margins.

U. S. Senator Ralph F. Smith, who had two opponents, attracted 414,439 votes, while Stevenson III, the unopposed Democratic aspirant, but Stevenson received fewer than the 704,388 votes cast for the various Republicans seeking the senatorial nomination.

For state treasurer, Democrat Dixon outpolled Republican Kucharski 584,021-564,682. For state superintendent, incumbent Supt. Page of the GOP led Democrat Bakalis 561,149-556,752. And none of these totals was close to the overall count of 819,692 Democrats and 750,625 Republicans.

The outcome will be decided by whether Democratic Cook county or Republican downstate generates the greatest interest and effort. In the primary, downstaters prevailed 790,201-780,146; to assure retention of Senator Smith, a greater downstate margin than this 10,000-vote differential may be needed, or Smith will have to trail sharply in Cook county.

Sometimes a primary fight leaves lasting wounds. However, Sen. Smith avoided personal criticism of his foes, and the battle did serve to introduce him more fully throughout the state than would have been the case in an uncontested nomination campaign.

A decisive factor along with the size of the November turnout will be the ease to which voters of each party support their Senate nominee. Aided by the competition, the GOP senatorial candidates jointly attracted 93% downstate and 95% in Cook county. In contrast, the downstate Democratic ballots and 81% of those in Cook county.

What We Need Is a Good Five-Cent Nickel

We don't have any strong objections to the current dollar inflation rate. Its upward trend, 90 cents (based on 1967 value) instead of 78 cents (1957) or 38 cents (1939). The previous government yardsticks are still available for comparison, but it is not the inflation rate that is the trouble of using a little arithmetic.

But someday it would be nice to be able to say that a dollar is worth 100 cents, and to have the dollar last longer than the longer than the month span required to determine each new index of consumer prices.

Most Bills in Spring Legislative Session Relate to Budget for 1970-71

(Springfield Scene)

The bulk of the 529 bills introduced when the legislature reconvened were appropriation measures reflecting the Governor's budget.

But 220 were non-substantive bills to correct technical language errors in previously passed bills and some pertained to other matters.

A series of bills affecting insurance practices (H. 3319, 3330 & 3331) was introduced by Rep. Edward J. Kane, Chicago Republican, and at least five separate bills were introduced calling for various kinds of state aid for non-public schools.

Total state spending of \$4.47 billion—about \$540 million more than the approved appropriations for the current year—was proposed for the 1970-71 fiscal year by Gov. Richard B. Ogilvie. No tax increases are contemplated, but the proposed spending exceeds \$1,200,000

Group for Gifted Plans Forum on Drugs May 4

The Granite City chapter of the National Association for Gifted Children is inviting the public to attend its next meeting Monday, May 4 at 7:30 p.m. at Frohardt school. Irving Harris Miles, counselor in narcotics from the Coordinated Youth Services, will be the speaker.

Miles, a former drug addict, will review the drug problem in schools today, and will answer questions from the audience.

"Youthful drug users can be found among all types of students and at all age levels," a chapter spokesman said. "Therefore, we particularly urge parents of those students who were recommended for the intermediate summer school at Prather and the junior high school program at Coolidge to attend."

"As in other illnesses, prevention and cause are of vital importance," Mr. Miles will be able to answer the many questions that parents of elementary and junior high students have about drugs.

Employees of the A. O. Smith Corp. Granite City plant have, for the second year in a row, earned the "Award of Honor" for an outstanding safety performance. Paul Kemp, the local plant manager, said A. O. Smith has received a total of 14 National Safety Council awards throughout the 23 divisions of the corporation. The top award received by the employees of the Granite City plant was in recognition of their ability to perform at high safety standards for an extended period of time. Activities are planned to recognize all employees at the local plant for this achievement. President Howard Pyle of the National Safety Council, in a letter of congratulations, pointed out, "Success in safety is, in itself, a great tribute to those who make it possible, and we know of no satisfaction that exceeds our pride in being able to commend the winners of a National Safety Council Award of Honor."

Bouquets of white flowers on the altar and white bows on the pews, provided the setting for the 5:30 ceremony performed by the Rev. Louis Schlangen, assisted by Rev. Michael Kurns of Greenville, Ill.

Phil Spence presided at the organ and accompanied the soloist, Frank Lawrence.

The bride wore an Empire gown of silk organza and hand-clipped Chantilly lace. The bodice was styled with a jewel neckline, scalloped sleeves and a detachable train. A lace headband secured a long, tiered illusion veil which covered the gown. She held a crescent bouquet of white roses and greenery centered with a corsage.

Miss Pauline Derocet, maid of honor, and Miss Caryn Opperman, a cousin of the bride, and Miss Anna McGrath, bridesmaids, were dressed alike in pink organza, the Empire bodices defined with Ven-

ise lace. They were styled with bateau necklines, three-quarter sleeves and ruffled trains. Headpieces of pink roses and lilies of the valley held in place tiered veils, and they carried nosegays of pink Sweetheart roses, white Elegance carnations and lilies of the valley.

The bride's mother chose a pale apricot silk shantung sheath dress, while the bridegroom's mother wore brown lace. Both had matching accessories and corsages of white cymbidium orchids.

Marion Shawar was best man for Mr. Briggs, and the list of groomsmen and ushers included Bradley M. Briggs and Harry A. Briggs Jr., brothers of the bridegroom, Robert L. Joshu, the bride's brother, and Robert Douglas Jr.

A reception was held at the Long Lake Fireman's Hall. Assisting were Misses Diane Kress, a niece of the bride, and Elizabeth Adams. The bridegroom's sister, Susan Slade, presided over the guest book. Acolytes serving at the Mass were Paul Derocet Jr. and Louis Prasna.

MoPac, Cotton Belt Interested In Buying A&S

The Chicago & North Western Railway has offered to sell its half interest in the Alton & Southern Railway, whose tracks include a north-south line between Granite City and Ponton Beach.

The interest would be sold to all the railroads serving St. Louis. Two of them have expressed interest in the offer—the Missouri Pacific and the Cotton Belt.

C&NW and Missouri Pacific each purchased half from Aluminum Co. of America in 1968 for a total of \$16 million. The Cotton Belt declined to take part in the purchase at that time.

The sale price for half ownership is \$8 million plus interest on that amount. The interest rate since the 1968 transaction, a Missouri Pacific spokesman said its philosophy is that the switching line should be offered to all St. Louis area railroads but that, if interest is lacking, it would consider buying the C&NW share and maintaining it as a public facility.

Alton & Southern ownership became a disputed matter between Missouri Pacific, Southern Pacific (owner of the Cotton Belt) and other roads several years ago after the Southern Pacific-Cotton Belt negotiated to buy it from Alton. The Interstate Commerce Commission ruled that ownership should be open to all roads wishing to participate. Southern Pacific said then that it wanted full ownership, and declined a partial interest.

Eugene Uhl, 2512 Wayne street, was charged with driving across private property to avoid a traffic signal at Niedringhaus and Madison avenues.

David MacZura, 3208 Aubrey avenue, was charged with reckless driving at Nameoki road and St. Clair avenue; and charged at Niedringhaus and Iowa street with illegal transportation of liquor were Donald Parker, 2218 Washington avenue, Edwin Hadley, Rural Route One, and Waymon Hatch of Tennessee.

An improper right turn charge was placed against Elmer Nash, 603 Filmore street, Venice, at Madison and Niedringhaus avenues; and a charge of having an improper muffler was placed against Darwin Roach, 123 Briarcliff, at Nameoki road and St. Clair. Ticketed for speeding at Johnson road and Wabash avenue was Gary Jones, 644 Chouteau avenue; and charged with a right-of-way violation at stop signs were Charles Smith of Venice at 19th and Edison avenues, and Arthur Carter, 2816 Washington avenue, at Jill avenue and Nameoki road.

An auto driven by Clayton Jones Jr., 2036 Washington avenue, who stopped while starting to make a right turn, was struck from behind by a car driven by Michael Lindsey, 1840 State street, at 1:45 p.m. Friday at 20th and State streets.

Auto Hits Guard Rail

While changing lanes, an auto driven by Robert J. Herman, 1120 Iowa street, Madison, went out of control and struck a guard rail, snapping a post, on Edwardsville road in front of Granite City Steel Co.'s blast furnace plant.

Hit-and-Run Accident

The rear of an auto owned by Sophia Taratas, 2860 State street, was struck by a hit-and-run driver while it was parked in front of her home, she reported at 5:55 p.m. Friday.

Congress Seen as Key to Bolstering Buying Power

Congressional spending restraint to maintain individual purchasing power was urged Thursday night by William J. Crowley, president of the Illinois State Chamber of Commerce.

He spoke at a State Chamber legislative report dinner meeting held at Alton for more than 200 businessmen of this region, including many Quad-Cityans. Sponsors included C. E. Townsend, Press-Record editor-publisher.

Crowley, chairman of the finance committee of Northern Illinois Gas Co., Aurora, cited the inflationary trend of the past decade. He said the consumer price index rose 1.6% in 1969 and then 0.6%, 1.2%, 1.7%, 1.1%, 2.0% in 1965, 3.3%, 3.0%, 4.6% in 1968 and 6.1% in 1969.

"What has caused the terrific increase since 1965? Analysts generally agree that fiscal mismanagement during the past two administrations greatly contributed, as attempts were made to finance the Vietnam war while expanding all domestic programs."

"They spent \$37 billion more than could be justified by the amount of products made in this country. In effect, they turned out \$37 billion in printing press money," Crowley said.

"Last Dec. 31 we brought to a close the last year of the 'Swinging Sixties.' This was a period of continually increasing industrial production and continuously increasing levels of employment. By every physical measurement, at least, we stood on the highest level ever attained by this or any other nation."

"But it seems that the tonics we used to bring about industrial health, like many other wonder drugs, have some undesirable side effects."

"1. Inflation. '2. Pollution of air, water and scenery, the destruction and our natural resources and environment."

"3. Financing and building school systems that will adequately educate our children for space age life."

"4. Disrespect for law and order."

ELECTORS

The annual meeting for Chouteau township electors will be held at 7 p.m. at the Sun & Fun Beach Resort on Highway 66 in Mitchell. The Chouteau meeting has been held during the afternoon in previous years, but last year the meeting was moved to the evening.

Granite City township officials in both the public hearing and the annual meeting will present for approval a new 1970-71 budget of \$310,899, an all-time record and an increase of \$67,324 over last year's appropriation of \$243,575. Bulk of the increase is in the general assistance fund which has been set at \$180,489, compared with \$130,745 last year.

Chouteau township has pending a new budget of \$138,060, a drop from last year's \$156,225 with all of the decrease in the road and bridge fund and the permanent road fund. Chouteau township's town fund budget this year has been increased to \$38,300 from \$34,005 last year, and the general assistance fund budget is increased to \$37,680 from \$30,870 last year, but the reductions by the highway department were sufficient to also offset these increases.

Venice township will present a new total township budget of \$197,964 for the 1970-71 year, slightly less than last year's \$194,642. Venice has increased its road and bridge fund appropriation to \$22,880 from \$19,821 last year, and its town fund to \$75,966 from \$71,103 last year, but decreased its new general assistance budget to \$88,168 from last year's \$94,608.

Nameoki Township Cost Down
Nameoki township electors will be asked to approve a new total budget of \$226,100, down from \$210,900 last year. The town fund appropriation for 1970-71 is \$56,240, down from \$72,110, but the general assistance budget is up to \$79,860 from last year's \$78,100 because of a new practice of budgeting expenditures financed with state funds and local tax funds. The increase will result in no increase in the tax levy, however.

The Nameoki township road and bridge fund budget of \$39,780 is up slightly from \$39,140, but the permanent road fund of \$45,000 this year is down from last year's \$2,000.

Similar town meetings will be held in other townships throughout Madison county and in other counties of the state.

Admitted at St. Elizabeth treatment for abrasions and contusions of the forehead, right knee and left thigh, and contusions to the right shoulder.

Stafen

name the new director for the local clinic.

The director added that "if the 708 Board takes over, it will become a political clinic run by politicians and will be useless to the community."

Stafen, who maintains a private office in Alton, plans to join a staff with private offices in Belleville.

Test of Resignation

The text of Stafen's letter of resignation follows:

"After much thought and evaluation with the Mental Health Clinic, I feel the mental health programs in the Granite City area can no longer be maintained. The 708 Board has promised this community and the board of directors that upon my resignation collected tax funds will be released to the Quad-City Center for its continued future."

"After six months of continued harassment from the 708 Board and its allies, I feel it is time for a move that will secure the clinic for the future by providing psychiatric care in Madison county. I wish to thank all the board of directors for the faith and honesty they have shown during our crisis. It has not been easy for any of us. I can no longer function adequately as an administrator or therapist under the stress of which I have been subjected. When one's family begins to suffer, it is time to alleviate the problem."

"Rather than to allow anyone to suffer mental health services to our community or to impede further clinic growth, I have always said I would resign. I make this statement at this time so working contracts and other agreements between this board and the 708 Board can be completed before July 1, when my supply of funds will be diminished and closing of the clinic will be assured."

"I want to give all my thanks to those people whose help, understanding and support have been the only thing that has kept me able to sustain myself these last few months."

I can only respectfully request that my resignation as executive director of Mental Health Clinic, Quad-City Center, Madison County, be accepted effective June 1, 1970."

Also accepted by the local board were the resignations of: Dr. William H. Stafen, name Haug and Dr. Fay H. Starr.

Candystrippers Vote To Return to Posts

St. Elizabeth Hospital's volunteer Candystrippers — youngsters 15 to 18 years old who have been striking for longer hours — voted Saturday to return to their posts and to petition the hospital's governing board for a longer work day.

A meeting of about 50 Candystrippers, parents and Sister Mary Thomas, hospital administrator, was held Saturday afternoon in the TriCor Medical building, presided over by Charles Jackson, president of the teenagers' group.

Sister Mary Thomas explained the hospital governing board, which sets policy, meets quarterly and will not meet again until June. She suggested the Candystrippers present their demands in writing to the board. Several parents agreed that the proper procedures be followed.

A number of Candystrippers spoke up, saying they were proud of their work and did not feel two hours a day for two days a week, from 4 p.m. to 6 p.m. was sufficient, especially since they had been working much longer hours. A grievance committee is to be named to present demands to the hospital board.

The hospital, which has had the two-hour, two-day limit for to enforce the policy after it was discovered the youngsters were working late at night. The policy, it was explained, was set up several years ago because most of the Candystrippers are in school and engaged in other activities.

Parents said they preferred their sons and daughters put in the longer hours at the hospital rather than sit home and watch television or roam the streets. "They are devoted and love their work in helping people," one mother pointed out.

The Mother's Day gift she'll open every day

—say it with a dishwasher!

Of course you could give her a new set of dish towels on May 10th. Then she'll be all set to wash another 30 or 40 thousand dishes by hand in the next twelve months.

But perhaps you feel she deserves better—such as an automatic dishwasher for instance. What could be a better show of appreciation? It will give her hundreds of hours of extra time, spare her hands and her back, and relieve her of the daily drudgery that's usually hers alone.

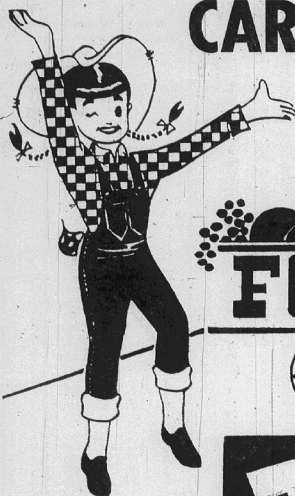

Your appliance dealer has a handsome portable dishwasher that can be in Mother's kitchen on her day... no installation needed. Why not get your order in now? Any questions? Just ask your Home Economist at Illinois Power.

FAVORITE PASTTIME of Polly (Erie Mills) and Tony (Alan Ryan) is dreaming of a "Room in Bloomsbury" in the Masquers' production, "The Boy Friend," to be staged at 8:15 p.m. Saturday in Granite City high school auditorium. Tickets will be sold at the door.

Local Performers to Appear in 'Boy Friend'

Several local residents will have center stage status when the Masquers community theatre group of Collinsville presents Sandy Wilson's "The Boy Friend," at 8:15 p.m. Saturday in the Granite City high school auditorium.

The Masquers' third production this year was presented earlier this month in Collinsville as a benefit show for the Collinsville-Edwardsville Hospital Auxiliary.

Local performers include Miss Erie Mills, a Granite City high school junior, who will portray Polly Browne in the "The Boy Friend."

A member of the Granite City high school band, Modern Music Masters and Band Leader, Miss Mills also serves as a high school cheerleader, teaches dancing at the local YMCA and is studying voice and piano at SIU-SW. She appeared last fall as Phyllis in the Masquers' production, "A Funny Thing Happened on the Way to the Forum," also staged at the local high school.

Mrs. Lynn Harsh, a Granite City resident, will be seen in the role of Dulcie in "The Boy Friend."

She has appeared in several Masquers productions, including "Brigadoon," and "Carnival," and as a featured dancer in "A Funny Thing Happened."

Two local students, Eric Cunningham and David Street, will make their debut as Masquers.

Lewis & Clark Pilgrimage Planned for Mid-May

Plans for special hiking days for Girl and Boy Scouts on the Lewis & Clark Pilgrimage trail in May were announced today by the recently formed Mitchell Lewis & Clark Pilgrimage, Inc.

The not-for-profit corporation has been chartered by the state with George Bugle as president. Other officers are Fred Halderman, vice-president; Leland Jones, secretary; James Alldridge, treasurer; and Floyd Jordan Jr., trail secretary.

On the board of directors are Zane Miller, Willard Myers and George Hays. Jordan, who lives at 200 Warsaw lane, is the registered agent.

The new corporation has the approval of the Cahokia Mounds Boy Scout Council to operate a hiking trail, Jordan said, and regional and national scout council approval is being sought. Once this approval is

given, any scout in the nation will be permitted to hike the trail which is three miles in length and ends at the Lewis & Clark state park near the Hartford canal.

Starting point is the ship-shore radio station along the Chain of Rocks canal north of Interstate 270. At the park, a program will be presented by the Lewis & Clark Society under the direction of Peter Klunick, president.

Dates set for the pilgrimages this year are May 16 for Girl Scouts and May 17 for Boy Scouts, and registration may be made in advance by calling or writing Jordan (331-2887). Registration will be taken up to date of the pilgrimage.

Last year over 200 Boy Scouts hiked the trail.

An eight-color embroidered emblem will be sold for \$1 to those who complete the trek.

Waggoner Co. Crane Bombed, \$30,000 Loss

The St. Clair county sheriff's office is investigating the dynamite bombing Thursday of a large shovel crane owned by the Waggoner Equipment Rental & Excavating Co. of Madison.

Damage to the crane was estimated at \$30,000, but no fire or injuries were reported.

The crane was being used to dig a foundation for a new service station in Fairview Heights.

Members of the bomb disposal squad from the Granite City Army Depot believed the bomb was composed of five sticks of dynamite.

Wilbur Waggoner, operator of the firm, said he has had no labor difficulties, but the bombing was the fourth in four years involving his buildings or equipment. He said he had received a telephone warning before the explosion and blamed the bombing on competitors attempting to force outside firms from jobs in the East St. Louis area.
